THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the town of Farmington qualified to vote in town affairs: You are hereby notified to meet at the town hall in said town on the thirteenth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1. To see what sum of money the town will vote to raise to defray town expenses for the ensuing year, and to make appropriation for the same.

Article 2. To see if the town will vote to raise and appropriate the amount of money necessary to secure state aid for the permanent improvement of highways, under the law passed at the January session, 1905.

Article 3. To see what sum of money the town will vote to raise upon a poll and other estates in proportion for the permanent improvement of highways for the ensuing year.

Article 4. To see what sum of money the town will vote to raise to pay the interest on the debt of said town, and to make appropriation for the same.

Article 5. To see what sum of money the town will vote to raise to apply to the sinking fund and how the same shall be invested.

Article 6. To see what sum of money the town will vote to appropriate in aid of the public library.

Article 7. To see if the town will appropriate the sum of one hundred dollars to Carlton Post, G. A. R., to be used for memorial purposes on May 20, 1906.

Article 8. To see what sum of money the town will vote to authorize the selectmen to hire for the purpose of paying the debt of the town for the year ensuing.

Article 9. To see if the town will vote to put on a night watch, if the selectmen deem it necessary.

Article 10. To see if the town will appropriate a sum of money for the purpose of building concrete sidewalks.

Article 11. To see if the town will vote to appropriate a sum of money not less than fifty dollars for the care and improvement of Edgerly Memorial Park for the ensuing year, and the said appropriation be entrusted to the Friday Afternoon club to be expended for said purpose.

Article 12. To see if the town will vote to add to the improvement of the Henry Wilson monumental grounds, and to raise for this purpose such a sum of money as may be necessary.

Article 13. (By petition) To see what action the town will take to assist the Board of Trade in defraying the expenses of installing a sprinkler system in the factories of the Farmington Shoe Company.

Article 14. To see if the town will vote to raise a sum of money as a fund to be used in exterminating the brown-tail moth, and authorize the selectmen to pay one cent a nest, or more.

Article 15. (By petition) To see what sum of money shall be paid for the services of police judge for the ensuing year.

Article 16. (By petition) To see if the town will vote to adopt the Australian ballot system for the election of town officers.

Article 17. To see if the town will vote to authorize the selectmen to distribute the blank inventories at the time they examine and appraise the property to be taxed.

Article 18. To choose three selectmen, a town clerk, a town treasurer, and other officers and agents for the year ensuing.

Given under our hands and seal this twenty-sixth day of February, 1906

SELECTMEN'S REPORT.

TO THE CITIZENS OF FARMINGTON:—

In submitting to you our report for the year ending February 15, 1906, we do so with the utmost confidence that it will meet with your approval; and we also call your attention to a few points of interest and offer a few suggestions for the ensuing year.

FINANCIAL.

The success of any organization depends largely upon its financial condition, and you will find by the treasurer's report that the town's finances are in a very satisfactory condition. You will note that the decrease in the debt of the town in the past year is \$4,404.73 after making the improvements, of which some of the principal ones your attention will be called to in the report.

HIGHWAYS

The largest item of expenditure is the repairs and breaking of highways, the amount referred to being \$5,354.36 and the amount now in the treasury, both town and state, is \$911.53, making the total amount to be expended \$6,265.89, this amount being \$1,198.53 more than was raised for highways for the year. It is a fact that some of the voters in our highway districts outside of the two village districts think we have been using some of the highway money belonging to them, in our village district. Now, the valuation of all the

polls and estates outside of the two village districts, including resident and non resident, for the year 1905 is \$266,290, giving the districts outside of the two village districts \$1,198.30 for repairs and breaking. You will see by the report that there was expended outside of village districts \$404.22 more than was raised for highways in the several districts. In about all of the outside districts the bushes need cutting and the roads ought to be in better condition, and if you wish to qualify for state aid, which all the towns are doing, the above figures and the condition of our roads demonstrate that a less sum than 45c on a poll, and other estates in proportion, will not be sufficient.

SINKING FUND.

We have been requested by several to give a statement of what the sinking fund consists of at the present time: Contoocook bonds \$1,000, Lancaster bonds \$1,000, city of San Diego \$2,000, United Gas & Electric Co., \$2,000, Oklahoma \$2,000, Central Branch Railway \$2,000, City of Muskogee \$2,000, and deposited in the Strafford Savings bank \$6,184.28, making a total of \$18,184.28.

ACCOMPLISHMENTS.

One of the principal improvements in the past year is the painting and decorating of the town hall, which certainly was much needed, costing the amount of \$621.24. You will note we expended for concrete sidewalks the amount of \$679.13, for state roads, including what is in the treasury to be expended, the amount of \$2,111.96.

It is a common expression among our tax payers that we are burdened with tax more than ever before. If you will permit, we will take the last ten years' assessments and compare them, as we believe under the circumstances that we are justified in making the comparison. From 1896 to 1901, five years, was raised \$144,130.17; from 1901 to 1905, five years, there was raised \$139,427.29 or \$4,702.88 less raised in the last five years than the five years previous. The net debt of the town in 1896 was \$53,785.49 and the net debt of the town in 1901 was \$49,332.66, showing a decrease in the debt of the town in the five years of \$4,479.76. The net debt of the town in 1901 was \$49,332.66 and the net debt of the town in 1906 is \$29,757.30, showing a decrease in debt of the town in the past five years of \$19,574.76. We make this comparison to show what is possible under practically the same conditions. The above figures demonstrate that wherein you have raised \$10,000 as a sinking fund for the past five years, the debt has been decreased almost double the amount. Now the question is, are you paying the debt of the town too fast? If so, we would advise raising less money, and by so doing lessen the burden of taxes. If you think the debt of the town is being paid too fast, we make this suggestion. Under the present financial conditions, if the town should vote to authorize the selectmen to apply \$2,000 to the sinking fund without raising the same by taxation, then any future board of selectmen if successful could do so without distressing themselves in a financial way, at least, the coming year. In so doing you would lessen the rate about 20 cts on a poll and other estates in proportion. This is a question that every tax payer ought to consider. You must bear in mind

that you have a floating debt of \$7,100 that has got to be paid in the future. You all know that at the present time business in our town is better than it has been for a long time and we believe, as you must, that the time to pay debts is when business is good. It is a question whether you continue to raise the amount that has been raised in the past five years and apply what may be saved to the floating debt by taking up notes, or do otherwise. Just a word in reference to school money: You will see by the report that the amount of school money due school district No. 9 and town school district for 1905 is \$12,975.64—a larger sum than at any time to our knowledge. We are certainly glad that our school districts have so good financial standing and we have no doubt but that our school committees will advise raising a less sum as a special appropriation for the coming year, and in so doing lessen taxes in this direction. With these few remarks we close our report for 1906. Thanking you for past favors in many ways, we remain

Very respectfully yours,
